

AUSTRALIA'S WONDERS

GOODENIA GOLD COVER

Goodenia Gold Cover is a fast growing, attractive ground cover that offers lush, shiny green thick foliage all year round. During the warmer months of the year you can expect to see masses of bright yellow flowers that are particularly large by Goodenia standards, and peak especially during late spring and summer.

Gold Cover is an extremely tough, heat-loving Australian native that tolerates drought and has low water requirements, especially if well mulched. It's perfect for use in mass plantings, embankments, retaining walls, as a border plant, and in containers for patios or courtyards. Ideal for weed suppression and harsh growing conditions where it can add a highlight of vibrant colour.

HIGHLIGHTS:

- Tough, heat loving native
- Thick, lush green foliage
- Masses of, bright yellow flowers
- Drought tolerant
- Low water requirements
- Perfect for mass plantings in landscape
- Ideal for weed suppression
- Adds colour to harsh growing conditions

Species	<i>Goodenia ovata</i>
Common name	Hop goodenia
Produced from	Cutting
Tray size	162
Label code	51-4098
Height/Width	15cm / 1m
Habit	Low growing ground cover
Growing pH	pH 5.5 - 6.5
Finishing Times	In 140mm, 10-12 weeks
Pests & Diseases	Relatively pest and disease free.
Position	Full sun
